MEMORANDUM FOR: TALENT Security Officer

SUBJECT: NSA and State Clearances for Paramount Committee

25X1A9a

1. On the morning of 21 September, I received information by way of [REDACTED], both of OCI, that at a USCIB meeting, either on the 20th or 21st, arrangements had been made to bring NSA and State Department into the Paramount Committee. Inquiries were directed to me with regard to procedure for bringing representatives of these agencies into knowledge of the operations in the Middle East.

2. In both these instances, I authorized by phone both to [REDACTED] and to yourself that inasmuch as the decision had been made by higher authority to include these agencies you should proceed with the security briefing with regard to the Middle East provided that the personnel involved were already SI cleared. It is my understanding that in the case of the NSA two individuals were involved and in the case of the State Department one.
